

BALTHAZAR

L'EPEE 1839 x MB&F

Inspiration

THE DUALITY OF MAN AND MACHINE

Balthazar is a sophisticated and imposing high-precision robot clock displaying jumping hours, retrograde seconds and a 35-day power reserve.

But beware . . . there is also a dark side to Balthazar, as there is in all of us. Inspired by the Epic Stars Wars saga, and Famous C-3PO Robot, Balthazar is your new robot companion, your childhood dream robot.

Balthazar rotates around the hips 180°; Then everything changes: smiling Balthazar becomes a darker terrifying version. The cold hard skull with menacing teeth and deep-set ruby-red eyes, all inspired from the Terminator movies.

Its chest contains the moon phase display, which you can adjust manually, providing one of many of Balthazar's tactile pleasures. Additionally, his arms articulate at both the shoulders and the elbows, and his hands can clasp and hold objects.

The escapement and the balance wheel are under a glass dome symbolizing the robot's brain

20-second retrograde displays in the eyes: red "pupils" scanning the surroundings

"Slow" jumping hours and sweeping minutes, displayed by twin discs on the chest

35-days power reserve indicator: dial on the belly provides view of remaining energy

BRIGHT SIDE

Rotating torso
180° 

Robot shield featuring an integrated double-depth square winding key

Winding and setting the time with the key

DARK SIDE

Action Figure robot with movable arms and fingers, which can hold objects

Double hemisphere perpetual moon phase indicator: phases of the moon are displayed on a disc

Rotating torso 180° 

50 PIECES
LIMITED EDITION

BALTHAZAR
